

ROTARY CLUB OF COROWA

VOLUME 72 ISSUE 7

WEEKLY BULLETIN

PRINTED 9/8/2010

PRESIDENT: DAVID POTTS

LAST MEETING

Arthur and Dionne Willett were our guests and gave a presentation on 'Aricks Residue Manager'.

This attachment has been developed over several years by Arthur in conjunction with BPR Engineering, following his determination to eliminate the need to burn off stubble and to use the 'no till' method of sowing. The development of a new product from idea through to marketing takes a considerable amount of time, effort and money, the residue manager was no exception. The product is being sold all over Australia and a consignment is due to leave shortly for the U.S.A.

Paul spoke on the perceptions that a lot of people have about Rotary. (What can we do about this at a time when we are looking for new members?)

Fine Session

Conducted this time by the real Sgt. who's a pushover compared to the fill-in chappie, who Paul thought was a rip-off. (Paul will no doubt be fined at the next meeting for commenting on the Sergeant's business.) **He'll learn to** keep quiet!

Raffles

1. Won by Trish
2. Wasted on Graham B. who hasn't a clue about sleight of hand and drew the king of spades.
