PRESIDENT: DAVID POTTS

YEAH, YEAH . . . WE KNOW . . . NOW GET A LIFE . . . GET

The winning margin was a bit like the Dragons/Roosters game in Sydney. At least the AFL game didn't look like a pack of big girls running about doing silly things as the Sydney game did.

The silly thing about football is that they have a grand final game, then a few months later they start all over again. Doesn't make sense.

Q: What is the difference between marbles and football ?

A: Football is only slightly more interesting than watching grass grow.

Q: What is the difference between bashing your head against a brick wall and listening to talk about football ?

A: None. They are both good when they stop.

Q: What do you call a bunch of football fans with laryngitis?

A: 1. A big improvement
2. Noise pollution under control

Q: What's the difference between a fanatic and a bore ?

A: A fanatic is someone who can't change their mind and won't change the subject. A bore is someone whose chosen subject is football.

The above jokes courtesy of the AFL (Anti-Football League)

Santa Claus, the Tooth Fairy, an intelligent Collingwood fan and an old drunk were walking down the street together when they simultaneously spotted a \$100 note on the footpath. Who got the note? The drunk of course, the other three are mythical.
