Fighting for our Farmers – The Epilogue

Raising Funds for Farming Families impacted by severe drought. In July 2018 a partnership was formed between Channel 9, The National Farmers Federation (NFF) and the Rotary Australia World Community Service Ltd (RAWCS) to raise money under the banner of Fighting for the Farmers.

The Appeal raised \$10.1 million. The Partners agreed that any Organisation involved in the distribution of Appel Funds would not receive any administration fees, From Day 1 of the Appeal it was continually stated that every dollar given would be received by the farmers and **THIS EVENTUATED**.

It was clear from the outset that Australian public embraced the demonstrated need of farmers some of whom had experienced prolonged Drought for over 5 years.

There inability to feed both their stock and their families resonated. The deterioration of Mental Health throughout the drought areas and the high incidence of suicide was very evident.

Q. What did the lawyer name his daughter?

A. Sue.

An old man went to the Doctor complaining that his wife could barely hear. The Doctor suggested a test to find out the extent of the problem. “Stand far behind her and ask her a question, and then slowly move up and see how far away you are when she first responds.” The old man excited to finally be working on a solution for the problem, runs home and sees his wife preparing supper. ” Honey” the man asks standing around 20 feet away “whats for supper?” After receiving no response he tried it again 15 feet away, and again no response. Then again at 10 feet away and again no response. Finally he was 5 feet away “honey whats for supper?” She replies “For the fourth time it’s lasagna!”

PUPIL – “Would you punish me for something I didn’t do?” TEACHER – “Of course not.” PUPIL – “Good, because I haven’t done my homework.”

A doctor remarked on his patients, ruddy complexion. “I know” the patient said “It’s high blood pressure, it’s from my family. “Your mother’s side, or father’s side?” questioned the doctor. Neither, my wife’s. “What?” the doctor said “that can’t be, how can you get it from your wife’s family?” “Oh yeah,” the patient responded, “You should meet them sometime!”

A lady went to a doctor’s office where she was seen by a Doctor. A few minutes into the examination, screeching could be heard from the room, and then the lady burst out of the room as if running for her life. After much effort a nurse

finally managed to calm her down enough to tell her story. The nurse barged into the office of the Doctor and screamed, “shame on you, Mrs. Smith is 82 years old, and you told her she’s pregnant.” The Doctor continued writing calmly and barely looking up said, “does she still have the hiccups?”
