Breaking News

John Travolta was hospitalized after suffering from chills and a cough related to a suspected Coronavirus. But doctors soon realized that it was only a “Saturday Night Fever” and he will be “Staying Alive”.

An Old man went to the doctor complaining of a terrible pain in his leg. "I am afraid it's just old age", replied the doctor, "there is nothing we can do about it." "That can't be" fumed the old man, "you don't know what you are doing." "How can you possibly know I am wrong?" countered the doctor. "Well it's quite obvious," the old man replied, "my other leg is fine, and it's the exact same age!"

You know if you die from the coronavirus, even your death will be "Made In China".

One day in Contract Law class, Professor Jepson asked one of his better students, "Now if you were to give someone an orange, how would you go about it?" The student replied, "Here's an orange." The professor was livid. "No! No! Think like a lawyer!" The student then recited, "Okay, I'd tell him, 'I hereby give and convey to you all and singular, my estate and interests, rights, claim, title, claim and advantages of and in, said orange, together with all its rind, juice, pulp, and seeds, and all rights and advantages with full power to bite, cut, freeze and otherwise eat, the same, or give the same away with and without the pulp, juice, rind and seeds, anything herein before or hereinafter or in any deed, or deeds, instruments of whatever nature or kind whatsoever to the contrary in anywise notwithstanding...'"

One night, a police officer was stalking out a particularly rowdy bar waiting to catch any drunk drivers. At closing time, he saw a fellow stumble out of the bar, trip on the curb, and try his keys on five different cars before he found his. Then, sat in the front seat fumbling around with his keys for several minutes. Everyone left the bar and drove off. Finally, he started his engine and began to pull away.

The police officer was waiting for him. He stopped the driver, read him his rights, and administered the Breathalyser test. The results showed a reading of 0.0. The puzzled officer demanded to know how that could be.

The driver replied, "Tonight, I'm the Designated Decoy."

A new pilot took his girlfriend on his first nighttime "solo" flight. He wanted to be really cool, so as he was approaching the small field to land, instead of making the usual official requests to the tower, he just said: "Guess whoooo?" Without missing a beat, the controller switched off the field lights and said: "Guess where..."
