

ROTARY CLUB OF COROWA BULLETIN Monday 22nd April 2024 ISSUE 85 EDITION 39

President Bill Bott AM, District Governor Neta Kirby, International President Gordon McInally

What a fantastic weekend for the Rotary Club of Corowa! Not only was our club amongst some of the best dressed at the 60's, 70's & 80's Disco but our very own Paul Miegel was elected District Governor for 2026-2027. The district conference had many interesting speakers including Meredith Miegel giving insight to Rotary Youth Exchange.

One of the popular performers on Friday night's opening ceremony Allegra Giagu who is a Soprano, Allegra made her debut at the Sydney Opera House at the age of 11. On Friday night she sang us a few songs that literally took our breath away and made a few of our fellow Rotarians a part of her act. Neil Davis will not be washing his head ever again!

Saturday was a full day of guest speakers and probably one of my picks was definitely Mat Bowtell the inventor and CEO of 3D hands. A charity based in Australia who design and manufactures 3D printed assistive devices. They do not charge their recipients a cent, not even the postage. Mat has shared his design and source, so that more people around the world can access quality assistive technology.

Any who I could bang on all day about the guest speakers they all had interesting stories to share with us, next year conference will be at Albury so that hopefully will give our Rotarians even more reasons to be able to go.

Whilst some of were away kicking up our heels there were a group of Rotarians in Corowa cooking up a storm at the Corowa Whisky Factory, BIG thanks to those members who I believe had customers coming back for more.

Monday night saw us all together again this time we shared our meeting with the Lions Club of Corowa. It was a fantastic shared meeting with all attending enjoying the atmosphere and we will endeavour to have more social events with our local Lions Club.
