

# ROTARY CLUB OF COROWA

PRESIDENT: PAUL MOWLAM

## WEEKLY BULLETIN

PRINTED 14/11/2011  
VOLUME 73 ISSUE 19

**LAST MEETING** – Our one and only Ian Carrington complete with slide show gave an interesting and informative account of his and Trish's trip to Europe. Lasting about 2 months, the couple picked-up a camper in Germany and travelled extensively through Europe and then to England, Scotland and Wales, staying at caravan parks and generally having a good time enjoying life.

**International Toast** – Proposed by David Talbot, former exchange student Yoshi's sponsor club in Chiba, Japan.

**Rotary Information** – John spoke on 'Movember', a movement not connected to Rotary, but one that many of us have taken part in as a Rotary Club and will continue to do so.

**Movember** - a global movement since its humble beginnings in Melbourne Australia, Movember has grown to become a truly global movement inspiring more than 1.1 Million Mo Bros and Mo Sistas to participate, with formal campaigns in Australia, New Zealand, the US, Canada, the UK, Finland, the Netherlands, Spain, South Africa and Ireland. In addition, Movember is aware of Mo Bros and Mo Sistas supporting the campaign and men's health cause right across the globe, from Russia to Dubai, Hong Kong to Antarctica, Rio de Janeiro to Mumbai, and everywhere in between.

No matter the country or city, Movember will continue to work to change established habits and attitudes men have about their health, to educate men about the health risks they face, getting them to act on that knowledge, thereby increasing the chances of early detection, diagnosis and effective treatment. In 2010, over 130,000 Australian Mo Bros and Sistas got on board, raising \$Au25 Million.

Joanne: "Really?"

Mary: "Yeah. Until I married him I didn't believe in hell."

### **Five reasons why computers must be female.**

1. No one but their creator understands their internal logic.
2. Even your smallest mistakes are immediately committed to memory for future reference.
3. The native language used to communicate with other computers is incomprehensible to everyone else.
4. The message, "Bad command or filename," is about as informative as "If you don't know why I'm mad at you, then I'm certainly not going to tell you."
5. As soon as you make a commitment to one, you find yourself spending half your pay check on accessories for it.

Little Johnny comes home from school with a note from his teacher, indicating that "Johnny seems to be having some difficulty with the differences between boys and girls," and would his mother "...please sit down and have a talk with Johnny about this."

So, Johnny's mother takes him quietly by the hand upstairs to her bedroom, and closes the door. "First Johnny, I want you to take off my blouse..." So he unbuttons her blouse and takes it off.

"OK, now take off my skirt..." And he takes off her skirt.

"Now, take off my bra..." Which he does.

"And now, Johnny, please take off my panties..."

And when Johnny finishes removing these, she says, "Johnny, PLEASE don't wear any of my clothes to school any more!

What were you thinking?

Three blondes go into a bar chanting 61 days. The bartender gets curious and asked one of the blondes why they are chanting 61 days. So the blonde says, "we completed a jigsaw puzzle that says 3-6 years and we did it in 61 days".

I'm not offended by all the dumb blonde jokes because I know I'm not dumb... and I also know that I'm not blonde. -Dolly Parton
